BUSINESS MEN ARE AGAINST RECALL

Merchants and Manufacturers of Oakland Protest Against Change in City Government

Oakland, Calif., August 3, 1912.

TO THE PUBLIC—The importance of the approaching recall election in the city of Oakland cannot be overestimated; in fact, is in danger of being underestimated. The favor and confidence with which the city is looked upon by the outsider is evidenced by the attitude of buyers of our municipal bonds—of the great life insurance companies in investing their funds in Oakland, and in the general attention being attracted to the city by reason of its exceptional development and future prospects.

We believe that a change in the government of the city of Oakland at this time will result in a great set-back which will discourage the investment of capital and cause a cessation in the employment of labor in all lines of commercial and building activities. Therefore we urge you to use your influence against the recall election on Monday, August 5, 1912.

FLAG FLIES ON CITY HALL

Old Glory Soars to Great Heights Amid Cheers of Gathered Throng

Impressive Ceremonies Attend Presentation of Beautiful Emblem

While thousands of citizens, assembled in the vicinity of the new city hall, looked on, the Stars and Stripes were unfurled from the top of the steel framework shortly after the noon hour today. Many thousands more in all parts of the city were distant spectators, for the great height of the flagpole makes it possible to see the emblem from nearly every direction. All looked on with feelings of loyalty and admiration. Those near at hand were deeply touched with patriotic sentiment as the hand played "Columbia" and "Stars and Stripes" and three mighty cheers broke forth spontaneously as the colors opened forth and were caught by the breeze.

Impressive ceremonies attending the presentation to the city of the emblem by the Grand Army organization were held on the steps of the old city hall. Women of the Relief Corps, Ladies of the G. A. R. and the Daughters of Veterans, garbed in white and carrying small flags, stood with the members of Lyon and Appomattox Grand Army posts, who were full uniform. They formed the central group during the presentation, together with Mayor Frank K. Mott and the city commissioners.

PATRIOTIC PROGRAM.
The program consisted of a number of patriotic songs by the band, the invocation by Rev. Thomas A. Boyer, D. D., of the First Christian church, the presentation speech by Joseph H. Lawrence, patriotic instructor of the Grand Army, and the acceptance of the flag by Mayor Mott in behalf of the city of Oakland. "Wave On, Old Glory," was sung by the Appomattox Boys' quartet, and called for loud applause. Mrs. Catherine M. Mott, patriotic instructor for Lyon Corps No. 6, and Mrs. Sadie Stiles Thompson, president of Appomattox Woman's Relief Corps No. 5, directed the women's committees in charge of the ceremony.

Commissioner of Public Works Harry S. Anderson then carried the large flag to the dome of the structure, where it was attached to a halyard and hauled to the top of the 45-foot flagpole. In the meantime the crowd had adjourned to Fourteenth street and Broadway, where they watched the remainder of the proceedings.

SPEAKS FOR G. A. R.
In turning over the 20x42-foot silk emblem to the city, Comrade Lawrence said:

"The members of the Grand Army of the Republic resident in the city of Oakland and vicinity are deeply interested in all that pertains to the welfare and progress of the city. From a long residence within its borders many of our members have been identified with its growth, its development and its prosperity. When our minds revert to the scenes and conditions of the past we are justly proud

BEWARE ELEVENTH-HOUR LIE, WARNS ANTI-RECALL FORCES

NUMEROUS CANARDS DUE

Mayor Mott Tells Voters to Ignore Falsehoods to Be Sprung by I. W. W.

Three Lively Meetings Held in Various Halls of East Oakland District

Anticipating that the recall factions will resort to methods of trickery at the eleventh hour of the campaign in an effort to misconstrue the motives of the civic organizations who are supporting the administration and taking a stand for law and order in this community, attention has been called by loyal citizens to a plan on foot to circulate false statements regarding the "issues" behind the attempt to recall Mayor Mott and Commissioners Baccus and Turner.

This class of literature, it is understood, is to be placed about the streets on Saturday and Sunday for the purpose of creating a false impression among voters through groundless charges and insinuating statements which at that late hour could not be answered or explained.

MOTT SOUNDS WARNING.

Mayor Mott called attention to this matter at a monster mass-meeting held last night at 2131 Adeline street, under the auspices of the Eugene Stachler Social, Political and Improvement Club. The hall, which is the regular meeting place of the organization, was packed to the doors and the cheers given throughout the evening indicated that voters in that section of the city heartily endorse the present administration.

With the meeting in Stachler Hall, one at Redmen's Hall and one at the Eagles' Hall in East Oakland, the administration forces wound up their campaign last night. Each of the meetings was largely attended. Mayor Mott spoke at each place and was received with hearty applause.

Other speakers at Stachler Hall besides the mayor were Commissioner of Public Health and Safety Frederick C. Turner, Commissioner of Streets William J. Baccus, Eugene Stachler, president of the club, Assistant City Attorney Charles Peardley and Assemblyman Frank M. Smith.

At Eagles' Hall in Fruitvale the speakers were Mayor Mott, Commissioner of Public Health and Safety Frederick C. Turner, William T. Satterwhite, and some three also spoke in Redmen's Hall, Elmhurst.

MAYOR MOTT SPEAKS.
Mayor Mott's address in which he warned the voters was as follows:
"During the last few days of this recall campaign I have been calling attention to these canards, I have saved a statement to the voters that recalls not only with lies but with indecency. I warn the men and women now to be prepared for this and not pay any attention to these campaign lies."
"There is but one and there has been but one issue in this campaign—that of whether the laws of the city shall or shall not be enforced. The I. W. W. started the trouble which culminated on August 5, because their street speakers were forced to refrain

STANDS ASTRIDE SLAIN MAN TO COUNT HIS LOOT

Masked Robber Calmly Figures Out the Proceeds of Hold-Up and Murder

DELTA, Aug. 3.—A masked robber stood astride of the body of the man he had murdered here last night and meditatively juggled a handful of silver, his reward for the killing. Four other men in the hotel barroom of Frank L. Dimock, who lay dead on the floor, stood with their hands up and their faces pressed against the wall. The robber counted the silver, stepped over the body and slipped noiselessly out of the door. When one of the four men cautiously turned his head the robber was gone and Dimock lay face downward by the cash register, which was open. The smoke of the revolver shot, which had sent a bullet through the hotelkeeper's head, still filled the room. The only sound the four men had heard had been the clink of silver dollars as the robber counted up to ten.

The little mountain town was aroused. Within an hour mountaineers and miners, heavily armed, were treading the ravines which led down to the mountain stream, beating underbrush and clambering over the rocks, up and down the canyon. It

was a black night and they carried lanterns. Dimock, who kept the only hotel in Delta, had been a prominent business and mining man in Shasta county for twenty-five years. He was 55 years old. His hotel was a favorite rendezvous for the men of the town and the four who saw him killed were old friends. They are Dave Williams, Erick Peterson, Oliver Leroy and Charles de Young. They stood before the bar, chatting with Dimock, when the robber entered.

"Hands up," he shouted. Dimock reached under the bar and the robber fired. The bullet passed through the hotelkeeper's head.

"Faces to the wall," shouted the robber, sweeping the others with his revolver. The four men obeyed and the robber opened the cash register. After the robber's escape Sheriff Montgomery and a posse summoned from Redding, reached here at 3 o'clock in the morning. The search continued through the night. The mountaineers threaten to lynch the murderer if he is caught.

By agreement the children were sent to the home of their grandmother two years ago during the Cudahy divorce suit. Immediately after their marriage six weeks ago the Cudahys began arranging for their return.

SHOTS HIT EL PASO HOMES

Mexicans Open With Fusillade, to Which American Soldiers Reply

Sheriff and Military Officials Fail to Find Those Who Began Attack

EL PASO, Texas, Aug. 3.—About fifty shots were exchanged between United States soldiers and Mexicans, supposed to be rebels, from the Mexican side of the river last night in East El Paso. No one was hit. There were no arrests made.

Shots were fired from the Mexican side, striking a house belonging to C. H. Cole. After the first three or four shots, the soldiers on guard on the American side opened fire.

Many Houses Struck

The bullets then came faster from the Mexican side, one of them striking Ad Martinez's house. The houses of Messrs. Curtis, Williams and Yonkers, near the river, were struck by bullets, as was the roof of one of the El Paso foundry buildings.

After the persons on the Mexican side of the river had fired thirty or forty times they ceased and the American soldiers went toward the river to investigate.

Anti-Recall Meetings

The gentleman was given every encouragement and all possible assistance to enable him to make good his charges. But when the evidence was submitted to the committee, it was found to be untrue. There was no proof to sustain the charges, and the committee unanimously decided that the charges were entirely unfounded and gratuitous.

A report to this effect was published in all the papers, signed by every member of the committee. It is my belief that a careful examination of the charges recently made, of the same character, on a like person, would be found equally unfounded.

With the anti-recall neighborhood meeting held yesterday afternoon at the home of Mrs. P. J. Newman, 819 Jones street, the campaign against the recall which was carried on by Mrs. Nellie Nelson, a member of the executive committee of the Woman's Good Government club of this city, has ended. During the last week she has conducted a series of neighborhood sessions, which she arranged Mrs. Nelson presided over many of the gatherings, which awakened interest in the recall.

Mrs. Nelson is a member of the executive board of the Child's Welfare league, the Oakland club and the Lafayette school mothers' club. She has been a leader in all the movements for civic betterment.

Attempt Made to Break Up Meeting

An attempt on the part of about twenty members of the "rascal" faction to break up a meeting held by the anti-rascal forces on Tuesday night, the 12th, last, last night, was met with defiance by Assemblyman Frank A. Smith, whose speech they interrupted after Messrs. Commissioner Turner and Deputy District Attorney W. T. Satterwhite had concluded. During the progress of Smith's address, in which he played the I. W. W. and certain underground tactics introduced into the campaign by the "recallers" a man, whose name was not learned, arose in the audience and shouted, "I would like to ask you a question."

The speaker paused and informed the disturber that he was subject to the action of the chairman. Smith was then greeted with shouts of "Coward, you are afraid to face the issue."

SMITH REPLIES

"Well, one of the issues of this campaign and the first one I am against the administration on the ballot is that it forcefully broke up a peaceful meeting

WHISTLE TO CALL ON VOTERS

Factory Sirens to Remind Oakland Citizens of Their Duty
Warnings Will Be Sounded From 6 a. m. Through-out the Day

By the blowing of whistles on factories throughout the city citizens will be called to the polls next Monday to cast their ballots in the "recall" election, according to arrangements made by the citizens' municipal committee which is fighting the attempted recall of Mayor Frank K. Mott and Commissioners Bacon and Turner. It will be a call to arms, as it were, and a reminder to loyal voters that the reputation and best interests of Oakland are at stake.

Beginning at 6 a. m. the sirens will be going and will continue blowing until 8:30. Between 7 and 8 o'clock they will sound their call for ten minutes and again for the same length of time during the noon hour. At 5 p. m. they will again be heard and will blow until 5:30. The polls will close at 6 o'clock.

EXPECT LARGE VOTE.
It is expected that a large percentage of the 60,000 registered voters in the city will go to the polls and that an overwhelming majority of voters will be cast in support of the present administration, which has done so much in the last few years to build up the city. During that time some of the greatest improvements ever attempted by a municipality the size of Oakland have been carried out or completed.

Among these are the waterfront reclamation, including dredging and the building of municipal wharves and docks; the great park system and public playgrounds; the \$3,000,000 school bond issue, making provision for the municipal auditorium; the building of a cost of \$500,000, and the paving of many miles of streets and the laying of sewers in all parts of the outlying districts.

SEVENTH ST. IMPROVERS BRAND RECALLERS ENEMY

Members of Club, in Resolutions, Knock Out Franchise Argument

A large attendance of the members of the Seventh Street and South Side Improvement Club gathered last evening to Cadet hall, the occasion being the regular monthly meeting.

After the routine business and a report on the club's petition to have the commissioners of Oakland provide an appropriation for the much needed bridge over E Eighth street, the matter of the coming recall election was discussed.

While the Seventh Street and South Side Improvement club, which is the most active of all the improvement clubs in Oakland, heretofore has refused absolutely to take any action on questions of a political character, as such matters are foreign to the purposes of the organization, yet in this particular election the members of the club are taking an active part. It is the consensus of opinion of the members that this election practically a non-partisan affair, in which the best interest of the city, and especially those of the South Side, are at stake.

One of the chief reasons given by the minority for the recall has been the matter of the Seventh-street franchise. These recall people forget that this franchise was asked for by the property holders of Seventh street, through the Seventh Street and South Side Improvement club. The right of this franchise was one inherent in the property rights of the people of Seventh street. According to a State law, no franchise could ever have been given along Seventh street without the written consent of two-thirds of the property holders of the street.

RESIDENTS ASK FOR FRANCHISE.
After securing these rights from the property holders, the Seventh Street and South Side Improvement club went to the Southern Pacific Railroad company and demanded that the company give an equivalent for them. The railroad company finally consented to do what the people asked, and agreed to the most liberal terms ever paid for a franchise in this State. Besides paying Seventh street from end to end, at a cost of \$350,000, the railroad company agreed to light the street every night during the life of the franchise, which is for thirty-five years. Before this the city of Oakland paid nearly \$9000 a year for these same lights.

In addition to this, the Southern Pacific Railroad company agreed to pay about \$6000 a year as rental to the city of Oakland, and after these agreements the Seventh Street and South Side Improvement club went before the city council and demanded this franchise for the railroad company.

It was in the light of these facts that the Seventh Street and South Side Improvement club last evening unanimously adopted the following resolutions:

Whereas, The Seventh Street and South Side Improvement club has been organized simply and solely for the civic welfare and improvement of the South Side of the city of Oakland, and is in no sense a political organization; and

Whereas, The chief reasons offered for the recall election are the alleged matter of the franchise given to the Southern Pacific Railroad company, for which franchise the members of this club, representing the property owners of Seventh street, petitioned the members of the city council of Oakland; and

Whereas, A minority now desire to recall the officials Mayor Mott and Commissioners Bacon and Turner, who were instrumental in granting us these favors;

The park will be the scene of the regular Sunday afternoon band concert given by the Oakland Park band under the direction of Paul Steinhardt, in connection with addresses by Mayor Mott and park authorities.

Hereafter concerts will be held in the different parks about the city, including Lakeside park on Sunday, August 11, De Fremery park and Independence square on later dates.

SECOND POISON ATTEMPT MADE

Efforts to End Lives of Eight Children Are Frustrated in Time.

SAN DIEGO, Aug. 3.—Another attempt to poison the eight children of Mr. and Mrs. A. R. Rogers, of this city, was frustrated late yesterday by Detective Frank Boucherle, aided by the mother of the children.

In addition to the poisoned marshmallows previously found the officer discovered a box containing cough drops, each said to contain enough poison to kill a person, a poisoned cantaloupe and several pieces of candy strewn on the paths leading to the Rogers' home.

Captain of Detectives Myers gave up all other work this morning to aid Boucherle in an effort to capture the would-be murderer. Rogers believes the attempt to take the lives of his children is being made by Mexicans who have accused him of being a spy in the employ of the Mexican government.

The six-year-old daughter of Mr. and Mrs. Rogers, the only one so far who has eaten any of the poisoned candy, was reported out of danger this morning. Several suspects are being shadowed by the police and arrests are expected.

WILSON WILL NOT STUMP COUNTRY

Democratic Candidate Says He Will Refrain From Personalities.

SEA GIRT, N. J., Aug. 3.—Governor Wilson will not stump the country in his campaign for the presidency and will indulge in no personalities. The Governor thus declared himself today. He will follow a program of scheduled addresses to be based on calls from various States. It was suggested that perhaps Bryan might make a special speech on behalf of the Democratic nominee.

"Yes, I hope so," he replied, "but there has been no formal program arranged."

The Governor admitted that he might reach some of the Pacific coast States but that a call from the far west would be a big order. He expects to begin active campaigning about September 1.

Governor Wilson declared he had just been able to read President Taft's speech of acceptance. He declined to comment on it, however, remarking that he was not given to "making comments on persons, but rather to discussing subjects."

As to the subjects treated in President Taft's speech, Governor Wilson declared his own speech of acceptance sufficiently stated his views on many of the same topics.

ALAMEDA COUNCIL FIXES RATE FOR LIGHTING

City to Pay 2 1/4 Cents Per Kilowatt for Illumination of Buildings.

STREET MATTERS GIVEN ATTENTION

Municipal Legislators Transact Much Routine Business Session.

ALAMEDA, Aug. 3.—Electrical and street matters took up a great part of the time of the council committee last night.

A communication from the board of electricity notified the council that under the new law the city must pay for all light used in the illumination of public buildings and streets. It would be necessary to make a rate for the current. The commission was of the opinion that the city lighting could be furnished for 2 1/4 cents per kilowatt and proposed that rate. The price seemed eminently satisfactory to the city council and the recommendation was adopted.

Another communication from the electricity commission was to the effect that the department is willing to allow the American Dredging company the right to erect poles and convey power to its dredgers along the south shore of the estuary west of the Webster street bridge on condition that the city would be the property of the city; that no other person or firm than the dredging company be given power and that the work be done to the satisfaction of the city attorney.

H. Linden of 2147 E. 14th avenue, in a protest, stated that his water bill for several years had never exceeded \$1 per month, but that in the month of June it jumped to \$10 and for July the charge was \$3. He stated that he had protested to the water company without result, and that he had hired a plumber to investigate and look for leaks. H. Feldhammer, the plumber employed, declared that he had made a careful investigation and found no leaks on the property. He says that there are only two persons in Linden's family. Linden has refused to pay this bill. The matter was referred to the police, fire and water committee.

To the park and playground committee was referred an application of the McKinley Park Tennis club, asking for an additional court on McKinley park.

With regard to the lithographing of the city seal, the board of public works was \$150 as against \$241 for the last issue. It was explained that the bids were for steel plate engravings and that the instance ordinary lithographed plates were used. As the steel engravings cost more, the board of public works has refused to pay this bill. The matter was referred to the police, fire and water committee.

CONSIDER ANT SITUATION.
The question of the extermination of the Argentine Ant was brought up and referred to the health committee. Dr. J. A. Riley, president of the board of health, stated that the application of kerosene in large quantities to the ant hills would exterminate the pest.

An application of certain builders that the building laws be changed so as to allow the installation of gas logs and grates without vents was referred to the health committee.

Councilman Walker went on record as being in favor of dividing up the city insurance awarding policy to different agencies. The city clerk alone is insured for \$21,000.

On motion of Councilman Probst the city clerk was instructed to communicate with the Southern Pacific company requesting that the late trains from the city proceed to Oakland and return to the city instead of switching back from the vegetable gardens.

Foundmaster Hickey reported that the police refuse to issue warrants for the arrest of persons who refuse to take out licenses for their dogs. He stated that he had several times advised people to purchase licenses for their dogs, where he found dogs kept confined in yards, but that many of them had torn up the notices he had handed them and defied him to act. Hickey stated that thereafter when the dogs were taken to their arrest under the ordinance requiring that all dogs be licensed, whether they be allowed to roam or not, the police refused to issue them. The city attorney was instructed to take the matter up with Chief of Police John Conrad.

Hicks also stated that the star he wears is a "special policeman's star and carries but little authority. He stated that he is out from 10 to 20 cents per day car fare attending to city business, as the railroad company will not recognize his "special" star. The police and fire committee will request the police commission to issue Hicks a regular star.

MERCHANTS PROTEST.
A protest against the operation of a retail store at which electrical appliances and accessories are sold by the city of Alameda was filed by the Electrical Contractors' association. The communication stated that the store was entering into competition with electrical firms doing business here and paying a license for doing business here and as a result unjust competition was established. The protest was referred to the electricity committee.

H. H. McMillan of 1544 Court street in a communication protested against a guy wire supporting a telephone pole in front of his property. He wrote that the wire is so arranged as to prevent a person alighting from a conveyance in front of his house, and that the wire is an unsightly obstruction and is entirely unnecessary.

City Clerk E. F. Probst was instructed to take the matter up with the telephone company and ask that the wire be removed.

A communication from City Attorney A. F. St. Sure was to the effect that he had taken up the matter of the government seizure of the property of the city of Alameda in connection with the case of the installation of electrical equipment in front of its property on the north side of Alameda avenue and that the city clerk had written him to the effect that he (Knowland) had brought the matter to the attention of the city clerk, which department had referred it to the local engineer Knowland wrote that he would see that the council was kept informed on the progress of the proposition.

STREET MATTERS CONSIDERED.
A communication from the Alameda Adornment league, asking that the city provide receptacles on certain busy streets and in front of schools, wherein waste paper and the skins of fruits might be deposited, was read. The city clerk was instructed to communicate with the city engineer Knowland, who recently offered to install the cans used of charge provided advertising matter be allowed on the sides. The adoption of such a plan would be a great benefit to the Adornment league would contribute to the cleanliness of the city. A crusade against unsightly bill boards has been launched by the league, and the installation of receptacles for waste on street corners. It is agreed, would be more a detriment than even the bill boards. The city clerk was instructed to pass on the merits of the plan and to advise the city engineer Knowland following the receipt of the answer by the city clerk.

Councilman John Walker complained of high weeds growing in sidewalk areas in the east end and Superintendent of Streets V. M. Froden was instructed to see that the weed ordinance is enforced.

James B. Reynolds Sets Up Taft Camp in New York

JAMES BURTON REYNOLDS, WHO HAS TAKEN CHARGE OF THE TAFT HEADQUARTERS IN NEW YORK.

NEW YORK, Aug. 3.—Taft headquarters have already been established in New York, with James Burton Reynolds, secretary of the Republican national committee, in charge.

Reynolds has been a member of the United States tariff board since 1908.

He has had considerable experience in political matters. He was a delegate to the national conventions of 1896, 1900 and 1904, and assistant secretary to the treasury from 1905 to 1909.

The secretary of the Republican national committee was born in Saratoga, N. Y., forty-two years ago.

He was taken to reaffirm the determination of the United States not to seek further territorial expansion and to avoid the same kind of colorful acquisition of places convenient for naval bases, which the Senate declares it would view with concern on the part of other nations.

With the provisional national committee scheduled to meet during the afternoon, preparations for the national convention Monday went forward rapidly.

The Californians brought with them the same two state banners used at the Republican national convention in June. One of them was still surmounted by the little gilt Teddy bear which was so often in the van of the Roosevelt parades and demonstrations. The other banner, it was stated that the latter is the accepted California state banner.

PARADE THROUGH HOTEL.
The Californians paraded through the hotel with their band playing the familiar convention tunes. They did not stop until they reached the Roosevelt room, where an impromptu reception was held. The handshaking constantly was interrupted by the men wanted for the "big bill" money, for Californians, for Governor Johnson, and finally for all the members of the Progressive party.

William Flinn of Pittsburg and Governor Johnson were called into conference with Senator Joseph M. Dixon and the other leaders of the Progressive party. The Californians delegation numbered 35, each delegate having one-third of the large delegation making the problem in the convention a difficult one.

HIDE ORIGINAL WORDING.
One of the Californians banners was decorated with a red banner. It was covered later that this emblem of the new party was used to cover the words "Republican" of the original banner.

Cecil Lyon, former Republican national committee member from Texas, arrived shortly after noon with the Texas delegation. The colonel said he "liked" the "Republican" of the original banner.

Captain D. G. Berry, who was in command of the United States guards, has started an investigation. It has been reported that the firing was done by Mexican rebels to attract attention of American soldiers to a spot on the Rio Grande while rebel gun runners crossed at another point, but this has not been confirmed.

SEAL CATCH IS UNUSUALLY LARGE

Big Cement Shipments Leave This Port for Northern Destination.

The seal rookeries in the north are abounding with seals, and that all of the various sealing craft are making large kills daily was the word received here today from the fishing grounds. The kill is reported as being especially large in the Pribyloff group, hundreds of seal skins being taken daily. The skins as fast as they are taken are temporarily dressed and are stored in little camps at St. Paul built for that purpose. The stores, according to the report, is being rapidly filled with furs.

The decline of northern cement shipments experienced here during the past two weeks has ended and, according to local officials of the various cement shipping concerns, numerous cement bottoms will sail from this port north during the coming weeks. Yesterday nearly 5000 tons of cement were loaded on this side for northern ports, while today the Alaska Pacific steamer Buckman tied up at Long wharf to load a 3000-ton cargo for Seattle and Tacoma. According to local cement shippers, this year will be a record-breaker in outgoing cement from this side. The reason for this is the unusual demand for cement from the north, which is beginning the construction of docks, jetties, etc. The decline experienced during the past two weeks was due in a great measure to the heavy rainfall in the north, it being almost impossible to handle cement in wet weather. In addition to the cement being loaded by the Buckman the big steamer is discharging a small amount of beer. The Buckman, Captain Wilson, will sail tomorrow.

FIELD ARRIVES.
The steam schooner Field arrived yesterday from Bandon and after fueling continued on her way down the coast for San Diego. Captain Jensen was not on the bridge when the vessel tied up here. The vessel was taken by Captain E. C. Hillinsky. Captain Jensen will arrive here on the next trip of the steamer Speedwell just launched from the ways of a northern shipyard. Jensen will then resume command of his former craft, the Field.

The barkentine James Johnson, one of the few flying the American flag, sailed yesterday for Vancouver in tow of the tugboat. The barkentine was a general freight cargo, a portion of which was loaded on this side. The Johnson was in charge of the steamer and the Falcon was captained by Captain Schage.

The steamer Aberdeen, which formerly operated as the garbage carrier for this city, is having the large bow on her forward deck, which was used to carry the garbage removed. With the change the Aberdeen will probably be pressed into service in the coastwise lumber carrying business, on which route she formerly operated.

ARRIVES WITH TIES.
The steam schooner Speedwell, Captain Magee, from Coos Bay is at Long Wharf discharging a cargo of 10,000 ties.

The steam schooner Scotia, Captain Jackson, from Eureka, is at Long Wharf. She is discharging a 100,000-foot lumber cargo.

Sailings from the inner harbor during the past eighteen hours include the steam schooners Helen F. Drew, Captain Johnson, for Grays Harbor, for Grays Harbor, and the Greenwood, for Grays Harbor. All left to load lumber for this port.

The steam schooner Dispatch, Captain Boes, arrived late last night from Eureka. She is at De Fremery wharf discharging a lumber cargo consigned to the Pacific Lumber Co.

TWO WOMEN TESTIFY

What Lydia E. Pinkham's Vegetable Compound Did For Their Health—Their own Statements Follow.

New Moorefield, Ohio.—"I take great pleasure in thanking you for what your Vegetable Compound has done for me. I had bearing down pains, was dizzy and weak, had pains in lower back and could not be upon my feet long enough to get a meal. As long as I laid on my back I would feel better, but when I would get up those bearing down pains would come back, and the doctor said I had female trouble. Lydia E. Pinkham's Vegetable Compound was the only medicine that helped me and I have been growing stronger ever since I commenced to take it. I hope it will help other suffering women as it has me. You can use this letter."—Mrs. CASSIE LLOYD, New Moorefield, Clark Co., Ohio.

I was very irregular and I had a bad female weakness, especially after periods. I was always tired, so I thought I would try your medicine. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt so much better that I got another and now I am a well woman. I wish more women would take your medicine. I have told my friends about it."—Mrs. ROBERT COLT, Box 45, South Williamstown, Mass.

WOMEN FIGHT FOR BIG ESTATE

Divorced Wife Wants a Share in \$2,000,000 Fortune Her Money Founded.

CHICAGO, Aug. 3.—A fight for a \$2,000,000 fortune accumulated in Alaska by Henry Curtis Elliott is being waged in the courts here by his two widows. Katherine M. Elliott, the first and divorced wife, holds a "contract will" in which Elliott bequeathed to her all that he then possessed or hoped to possess. He made her his sole executrix.

A second document, making void any will that might have been made before, is held by the second wife, Mrs. Grace Vanwormer Elliott. By this document everything is left to the second Mrs. Elliott and a son, Henry Curtis Elliott Jr. According to the story, Elliott, without funds, in 1887, became stricken with the gold fever. His first wife had saved \$500 by painting china, and "grub-staked" her husband, at the same time demanding half of his winnings in the Klondike region. He promised her she could have it.

He met two other men and locating and selling various claims accumulated his fortune. On his return to California Elliott and his wife were divorced and he went to New York, where he met and married Grace Vanwormer.

Elliott returned to Alaska in 1909 and was buried beneath an avalanche. In January, 1910, his last will was probated.

Various legal entanglements have appeared regarding the first will from time to time and finally August 7 was set as a date for answering petitions.

Citizens, Reason With Yourselves

CITIZENS of Oakland should reason over the situation calmly and coolly between now and the time they will go to the polls to vote. They are at the parting of the ways. All of them have a direct interest in the result of the recall election, and this individual interest touches closely the general interests of the community and of society at large.

A wise man has said, "When you are asked to do a thing, and are unable to see that it will benefit you or your neighbor, don't do it."

In other words don't leap till you are certain you are going to land on firmer ground. Don't cast out the existing city government unless you are convinced you are going to get a better one. What assurance is there that the men who are trying to scramble into office on the recall will govern the city as wisely and well as the present officials? Has their conduct in the past, the records they have made in public or private life, given any assurance that they are more competent or honest than the men now in charge of municipal affairs, or have the public welfare more sincerely at heart?

Is it wise to take a chance as matters stand?

Oakland is a well governed city. It

has an enviable name abroad and a sound credit in the financial world. It is known as a progressive and growing city, full of the life and vigor of active enterprise. Property values are moving upward, business is good and many notable public and private improvements are being made.

Is it safe to do something that will disturb this pleasing and hopeful condition, if not paralyze the spirit of enterprise altogether? What is there to be gained by revolutionizing our civic organization at this particular time?

What reasonable excuse is there for turning Mayor Mott and Commissioners Turner and Baccus out of office and putting the Socialists or such men as John L. Davie and Dr. F. F. Jackson in control of the city government, to do you know not what? We know that they will try to do things different from the way they are being done now, but what they will do we do not know.

Can citizens owning property and doing business here, or who have steady employment in the city, afford to risk a radical change in our civic policy at this time? Think it over earnestly and honestly.

The recall will give the city a black eye, injure its reputation abroad and arrest the progressive movement which is

building prosperity on a firm and enduring basis. Is there anything to justify it? Would any man make such a momentous change in his private business on such flimsy grounds as those urged by the recall advocates?

What man in his sound sense would take the management of his business interests out of the hands of Frank K. Mott and place them in the hands of John L. Davie?

It is inconceivable that any number of thinking people would favor revolutionizing our city government and reversing our civic policy to gratify the I. W. W. Surely no large body can seriously propose to place that element in control of our municipal affairs.

What inducement is held out to citizens to vote for the recall? A promise to reduce taxes. Who makes this promise?

John L. Davie and Dr. F. F. Jackson. Ask any business man what he thinks of this promise or the men who make it, or any promise they may see fit to make.

Mr. Davie cannot reduce his own taxes because he pays no taxes.

He cannot promote his property interests because he owns no property.

He cannot decrease his own business because he has no business.

He offers to finance the city although

he cannot finance any private undertaking.

He asks the people to recall Mayor Mott because he is out of a job and wants Mayor Mott's place.

In the City Council Dr. Jackson was an obstructionist and a disturber. Instead of trying to serve the city he expended his efforts in attempts to manufacture political capital for himself as a candidate for mayor. In an open letter he advised the citizens of the annexed district to vote against annexation. After pledging himself to support it, he fought the bond issue to erect the city hall and improve the waterfront. He has labored incessantly to arrest the progressive movement and tear up the plans to adorn, beautify and build up the city.

Can any man with a sincere regard for the city's welfare afford to vote for Dr. Jackson? He is in combination with Davie, and the combination is bad as a whole and equally bad in its separate parts.

Even if Davie and Jackson were worthy of confidence, ordinarily speaking, they are not entitled to support when they are trying to clamber into office over the recall of better men.

The recall itself should be voted down as a revolt against law and order instigated by non-resident agitators.

Third Term Rainbow Chasing.

As rainbow chasers Roosevelt's managers are unsurpassed. The latest bow of promise unfolded to the eyes of the faithful is a scheme to carry North Carolina, Virginia, Georgia and Tennessee for the bull moose candidate. And they talk as if they really believed it. The adventures of Alice in Wonderland are sober reality compared to this political pipe dream. There is no Roosevelt craze south of the Potomac. Because Roosevelt's mother was born in Georgia it is asserted that the Democrats of the Southern States are anxious to vote for him.

Woodrow Wilson's parents were both born in the South and he was reared in that section and is in harmony with the political beliefs of the Southern people. Why should the Southern people forsake one of their own faith and blood for a man whose only claim to their good will is the fact that his mother was born among them.

But every man who knows anything of Southern sentiment and Southern politics knows there is not the remotest possibility of Roosevelt getting a single electoral vote from Virginia, North Carolina, Georgia and Tennessee. The talk of Roosevelt carrying any of these States is the veriest moonshine. Still it is in thorough harmony with the Roosevelt claims in other directions.

Secretary Fisher has again refused to allow automobiles to enter the Yosemite National Park, giving as a reason that it would be dangerous to run motor cars on the narrow crooked mountain roads. It is worth while to recall that automobiles were allowed in Yosemite Valley the first year after it was surrendered to the National Government. The order excluding them from the park was issued because of the reckless driving of some of the motorists who visited the valley. They raced around over the grades and along the narrow roads, frightening horses and endangering the lives of women and children, with an utter disregard for the safety of others. The order of exclusion fell on the innocent and guilty alike, but it was provoked by motorists themselves. Thus far all efforts to get the ban lifted have proved unavailing. Here is an example of the hardship reckless chauffeurs inflict on automobile owners in general. It is only one of many instances where the wild speeding of a few has caused the door to be closed against all automobiles. It is a curious fact that the motorist who has no business at all is always in the greatest hurry.

If every elector qualified to cast a ballot will take the trouble to vote, and will be controlled by what his conscience and his judgment tell him is for the best interests of Oakland, the recall will be hopelessly beaten. In cases like the present it is the influence of indifference and indolence that is most to be dreaded. Every enemy of law and order will be sure to vote, and so will every person actuated by a grudge or by any personal grievance, but many business men and property owners are likely to say: "Oh, it will be all right, anyhow," and fail to register their convictions. They are the men who will be most injured if the recall should carry. Such men will make a sad mistake if they let those who have the least to lose do the voting. Let every voter do his duty and all will be well.

Let every man who goes to the polls to vote look around and ask himself this question: "What public improvement worth noting is there in the city that has not taken place since Frank K. Mott became Mayor and is not directly traceable to his exertions?" The newer and greater Oakland is a creation of the last eight years—the period that Mott has filled the Mayor's chair.

An Old Farce Replayed.

No doubt President Taft was relieved when the news was broken to him that he had been renominated. Some of the solemn humbug of politics is so farcical that one wonders why anyone should think it worth preserving. President Taft was informed of his renomination ten minutes after it occurred, yet he has waited all this time to be officially notified. Every person of sense knows that he was officially notified when he signified that he was ready to receive the notification and respond to it.

Such is custom. It is a custom more honored in the breach than the observance. The ceremony of notification is nothing more than a vain show. Woodrow Wilson is now waiting to go through the same solemn farce as the one in which Taft has just figured. His notification was deferred till Taft had been officially notified. He will delay his speech of acceptance till he has read what Taft said in his speech of acceptance.

Yet it is known of all men that Wilson and Taft both sought the nomination, that both know all about their nomination and were prepared to accept it from the start. All the byplay that has taken place since the conventions adjourned was in accordance with a custom that has become mere pretense. The country has outgrown such empty pretensions. They fatigue and tire and impress nobody. Let us have done with it.

The American flag has been hoisted on the tower of the new city hall. It waves over a prosperous and progressive city, which has forged ahead at a tremendous rate during Frank K. Mott's incumbency as Mayor. But we might as well pull it down if the recall should carry. The recall is an attack on the flag and on prosperity. It is an assault on good government and good order. Let us vote down the recall and keep the flag floating over a prosperous city.

The Shipbuilding Trust is one of the Big Business combinations that would like very much to see Joe Knowland repudiated by his constituents. Ever since he entered Congress Knowland has vigorously advocated the policy of equipping the navy yards to build government ships of every class. He has striven to get warships and transports built in the navy yards instead of letting them out at contract to be built by private parties. This has interfered with the business of the Shipbuilding Trust, although it has given work to California mechanics at Mare Island. Hence the Shipbuilding Trust joins with the Pacific Mail Steamship Company and the transcontinental railroads in praying for the defeat of Knowland. Doubtless liberal contributions will accompany their prayers. They are in hearty sympathy with progressivism or anything else that will get Joe Knowland out of Congress.

Two years from now some of the men who are hurrahing loudest for the third party and the third term candidate will be vociferously denying that they ever left the Republican party or bolted its Presidential nominees.

At Lake Charles, Louisiana, a white man was sentenced to five years in the penitentiary for outraging a negro girl twelve years old. Had a negro outraged a white girl under the same circumstances he would have been lynched, perhaps burned at the stake. It seems that justice is not so blind in Louisiana that she cannot see whether the culprit is white or black.

HERE IS FIRST GLIMPSE OF LATEST FASHIONS.

The first glimpse of the line to be taken in next season's fashions come from Paris this week, when we were told that the prevailing fabric would be velvet.

The soft folds taken by the costumes of the present mode will not be lost next autumn, since it is understood that the new velvet will be specially adapted to this purpose.

Several forms of the fabric will be seen, however, varying from a very stiff and rich variety to a tissue little heavier than cloth.

The colors most favored will, it is understood, be royal blue, grass green, cherry, buff and honey.

The garment most in evidence here will be the mantle, with a pattern on

a large scale over a colored or black foundation.

Velvet gowns, jackets, hats, belts, bags and men's waistcoats and cravats will also be much worn.

The Cheer-up Exception

Life as a rule is happy—the sun shines quite enough.
The licker is imagining nine-tenths of all his guff;
The birds are making music, if we only stop to hear,
There's a good supply of blessings—that much is made quite clear;
There's gladness always lurking at each corner as you go—
Just hunt and you will find it, much easier than you woe;
There's no excuse for growing, unless Fate's downright mean,
And you plug a watermelon and find the thing is green.
This thing of constant worry and a ceaseless game of fret,
If persisted in, dear brother, is bound to get you yet;
Think back on days of brightness, if clouds loom overhead—
Quit kicking on your hearthstone, and raising merry Ned;
There's not a bit of reason for any surly looks;
There's truth in all the wording of those stacks of cheer up books;
The one time men excuse you for a pessimistic mien
Is when you plug a melon, just to find the thing is green.

MRS. GRACE NOT GUILTY, IS VERDICT

Atlanta Woman Freed of Murder Charge; Cheers Greet Result.

ATLANTA, Ga., Aug. 2.—"God bless you, gentlemen," cried Mrs. Daisy Grace, wife of the late Mrs. Grace, yesterday afternoon when the jury found her not guilty of the charge of shooting her husband. There was a great outburst of cheering from the twelve jurors and the crowd in the courtroom.

At last the deadly whiteness of Mrs. Grace's face was relieved by a flush, and she began to smile. Then she approached each of the twelve jurors and gave them thanks.

"I feel like kissing and hugging you all," she added. "I trusted you all the time. I knew you would not believe what they said about me."

Followed by a cheering throng Mrs. Grace soon left the courtroom, and went to the office of her attorneys. There she received a telegram from her sister in Philadelphia to the effect that Mrs. Grace's little boy will go to Webster at once, said Mrs. Grace. She intends to return to her old home just as soon as she arranges some business here.

The verdict was generally expected. It is conceded that the state failed to sustain the charge that Mrs. Grace had locked him in to die in order to get the \$25,000 insurance on his life.

The case was given to the jury at 2:30 by Judge Rabin, whose charge favored Mrs. Grace. The jurors ate dinner, and about 3:30 began consideration of the case. After some discussion it was found that all agreed that Mrs. Grace was not guilty and the verdict of acquittal was given.

"I intend to devote the remainder of my life to comforting my mother and taking care of my lonely little boy," said Mrs. Grace.

"May God be as lenient with her as the jury was," said Eugene B. Smith, who plans to consult specialists soon in the hope of regaining the use of his legs. They have been paralyzed since he was shot, the bullet lodging against the spinal column.

In Auto Wreck

NEWPORT, R. I., Aug. 2.—Miss Alice O. Drexel, daughter of Mr. and Mrs. John R. Drexel, with her maid, Marie Laglene, and her chauffeur, George Drexel, narrowly escaped death in a collision between her auto and a motor truck yesterday. The chauffeur was sitting on the running board, Miss Drexel was driving, and the maid sitting next to her, as a delivery automobile struck back. The chauffeur suffered a broken leg and the maid was injured in her back. The affair created a big stir. All society functions stopped immediately, and every one from the Casino, Bailey's Beach and the golf club hurried to the scene of the accident.

Cudahy's Happy

LOS ANGELES, Aug. 2.—The recent reconciliation and remarriage of Mr. and Mrs. Jack Cudahy will be made more complete today in Kansas City when their four children are given into their possession by Mrs. Michael Cudahy. "Negotiations covering a period of thirty days," wired Jack Cudahy, from Kansas City, "were ended when it was agreed that our children will be returned to us. This will obviate the necessity of a lawsuit, and of course we are very glad and very happy."

Those who know Mr. and Mrs. Jack Cudahy here claim that the settlement portrays the reconciliation of Jack Cudahy and his aged and wealthy mother, Mrs. Michael Cudahy.

Calls Him Brute

CHICAGO, Aug. 2.—Harry Y. Witbeck, who was shot in the chest by a bullet fired by John H. Witbeck, now suffering in a hospital at Reno, Nev., was pictured as a drunkard, spendthrift, brute and trifle in a separate maintenance bill filed by his wife in the federal court yesterday.

On October 1, 1909, he struck his wife upon the head, according to her bill. An attempt to choke her followed two weeks later, and in November 1910 she was forced to leave him, it was recited. For two years prior to that time he had been guilty of intoxication, goes her story.

The Witbecks were married March 1, 1904, at San Francisco, and lived together until February 6, 1910. The husband has an income of \$8000 a year from his heritage. In two years Witbeck squandered \$20,000, charged his wife, who named the woman with whom he was supposed to have been guilty of indiscretions.

Loyal to Wife

PARIS, Aug. 2.—Blanch, whose wife was lost Wednesday, appeared before a magistrate yesterday in behalf of his wife. He said he adored her and was doing his utmost to alleviate her sufferings and secure her for her. He felt assured that she would be acquitted.

"I love her more than ever," he said to the magistrate. "And after her release you will find me a model husband."

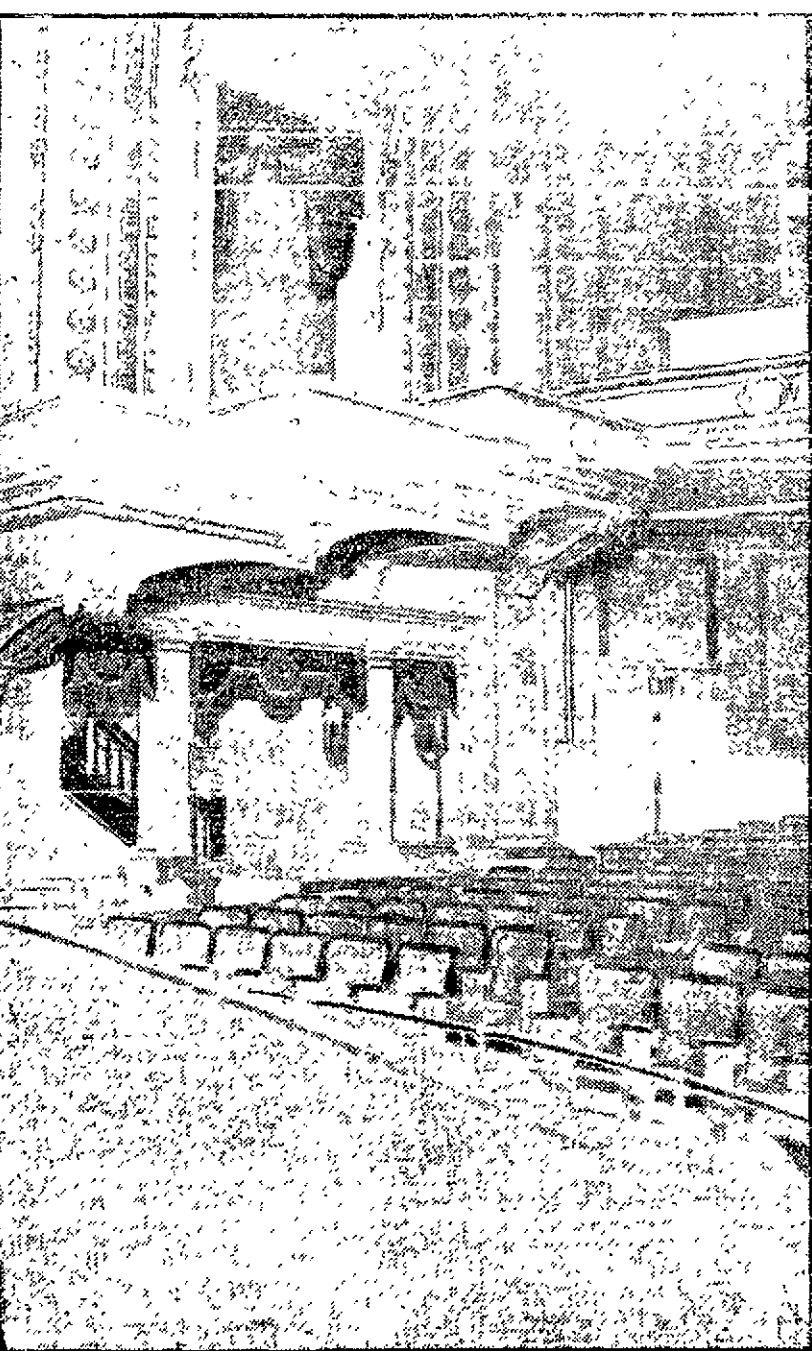

When the magistrate asked him why he had deserted his wife for Mrs. Bredin, he replied: "We men are fragile. However, I have had a lesson that has made me stronger."

Marries in London

LONDON, Aug. 2.—Frances Finner, the well known actress, wife of Dick Finner, was compelled to resign the leading part of a play to be produced at the Grand Theatre, owing to sudden illness.

NEW HOME OF VAUDEVILLE TO OPEN TOMORROW NIGHT

AN INTERIOR VIEW OF PANTAGES' NEW THEATER WHICH WILL BE FORMALLY OPENED TOMORROW NIGHT.

The opening of the new playhouse completing Alexander Pantages' big chain of vaudeville houses, at Twelfth street and Franklin, will be celebrated tomorrow night, when the spacious and magnificent playhouse, which cost \$275,000, will be visited for the first time by the public.

The seating capacity is over 2000, 1100 chairs in mahogany and Russian leather being installed on the orchestra floor. In the balcony there are 900 similar seats. Eleven proscenium boxes and eleven loges complete a seating accommodation which commands an unobstructed view of the stage.

The interior of the building is of Ionic design. The color scheme is ivory and gold, with rose tint paneling and with Lucite Mahan will up-hold the vestibule of the theater, with six pairs of bronze doors which lead deep and ninety feet wide. Retiring

and smoking rooms leading from the foyer have been luxuriously fitted up. B. Marcus Prentiss, designed the building. He is a Greek American and has been employed in this capacity for all of Pantages' theaters, and came into prominence when the Pantages playhouse was erected in Seattle.

Ventilation and acoustic properties are perfect in detail in the building, and there are fourteen exits. All the electrical details were exclusively designed for the theater.

W. V. Ely, who has been associated with Pantages for several years, will come from Sacramento and take charge of the new enterprise.

Charles L. Cole, special representative of Pantages, supervised the completion of the structure.

When the curtain is rung up tomorrow at 8:30 p. m. for the first performance Alexander Pantages' big dreams of vaudeville will be realized in Oakland's ideal playhouse.

OFFICERS SEIZE GERMAN STEAMER

Vessel Held by U. S. Customs Officials for Violating the Immigration Law.

LOS ANGELES, Aug. 2.—When the German steamer Sals arrived here today she was seized by United States customs officials and a process of libel placed against her, as a result of an alleged violation of the immigration law by the Sals' sister ship, the Ostris, on May 25, last.

It was alleged that the Ostris imported twenty Chilean laborers to unload cargo here, which is a violation of the immigration laws, and which is punishable by a fine of \$1000 for each alien so engaged.

Captain Dinklage of the Sals was in consultation with the federal authorities today and it was stated that before his ship could be allowed to proceed he would be required to put up a bond of \$20,000. The Ostris got away, it was stated, before any action could be taken, and the government had been waiting ever since for a ship belonging to the same line to arrive to serve papers.

CUSTOMS OFFICERS MAKE BIG SEIZURE

Take Possession of Baby Sea Elephant Weighing 900 Pounds.

SAN DIEGO, Aug. 2.—A baby sea elephant, weighing 900 pounds and valued at \$5000, was seized by Customs Officers Woolman and Martin when it was brought here on the schooner Santa Barbara from Guadalupe Island, off Lower California, yesterday. The mammal is owned by John Ramsey of Los Angeles.

Ramsey protested payment of duty and had given orders to leave the sea elephant in charge of the government when a compromise was effected.

The mammal was captured after a hard battle with its mother on the shores of Guadalupe. It was fed on condensed milk through a rubber nipple, says Ramsey. More than a hundred gallons were required in three days. The elephant grew to like the diet until it finally kept the crew awake all night crying for more food. A fresh supply was secured here and the voyage started.

GIRLS ARE ARRESTED ON BATTERY CHARGES

F. A. King of 484 Twenty-first street caused the arrest last yesterday of Miss Bernice McGrath, 17 years old, and Miss Frances McGrath, 15 years old, of Nineteenth and Kirchan streets, on charges of battery. He told the police that they had been ordered from his premises and in return threw stones at him and pummeled him with their fists. They claimed that King had assaulted them with a pitchfork. The girls were taken into custody by Patrolman Curran at their home, 1323 Kirchan street, on "Jane Doe" warrants and released by Police Judge Mortimer Smith on their own recognizance. Their case was continued until next Wednesday morning for hearing.

THE SPEAKING VOICE

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell.)

HAVE come to the conclusion that automobiling has a tendency to coarsen the delicate tones of the speaking voice, especially of women. The noise of the machine necessitates speaking in a higher tone than the natural one, if women will talk while the machine is moving fast. It is too bad that shrill, unpleasant tones should take the place of mild, soft, feminine tones in speaking. For the American voice is severely criticised all over the world. Gladstone said: "All time and money spent in training the voice and the body is an investment that pays larger interest than any other."

Judging by the nasal quality of the majority of women's voices one would imagine that most women suffered from catarrh. They either use the high penetrating, uncultivated tone to be conspicuous or they think people are deaf. Nothing is more of an indication of refinement than a low, gentle speaking voice. It is as refreshing as it is rare to hear a number of women conversing in quiet tones. Just notice a motoring party of women arriving at a restaurant for luncheon or dinner and you will understand what I mean. There are women who talk on one key and never vary the monotony of tone. Those women cannot possibly hear their own voices or they would surely correct them.

Then there are some women whose voices are so musical that just a sentence from their lips is joyful to listen to. How such women stand out above the ordinary women. Ada Rehan had, to my thinking, the most delicate and musical voice of any woman who ever graced the American stage. It was always a rest to the nerves to see one of her performances and hear her perfectly modulated voice. Bernhardt has that wonderful quality in her voice that is always young and soft. Such voices are cultivated and such cultivation should be part of the education of every American girl. To be sure, if mothers speak with a shrill, uncultivated voice, children will imitate them. It is never too late to cultivate a speaking voice and a low, soft tone is not an indication of age but of culture.

Some women whine through life, but I always imagine they have been invalids when young and their parents have been too lenient with them to correct them. There is no excuse for the shrill, high-tempered voices which try to be heard above the buzz saw or a rushing motor. I have seen a beautiful woman enter a room, lovely in appearance, and ruin every vestige of her beauty by the vulgar quality of her speaking voice. And again I have been attracted by the sound of an exquisite voice and found what the world might call a plain woman, but who was a queen compared to the shrill-voiced beauty. Remember, refinement is not judged by the quantity, but the quality of the speaking voice.

MARION—I am mailing you formula for skin food with directions for facial massage, also the Hungarian water for toning up the skin. Laughter deepens the lines about the mouth and produces crow's feet around the eyes if the skin is fine and sensitive. A skin lacking oil is the one that wrinkles the easiest and you should avoid anything which will dry it more. Be lavish in your use of skin food.

M. J. B.—Send me a stamped addressed envelope and I shall be glad to send you formula for the French bleach for freckles. It will surely remove the freckles if used persistently. If, before going outdoors, you will rub well into your skin some cold cream and then powder the face thoroughly, especially the nose and the prominent parts of cheeks and chin, it will prevent the freckles returning. Wear a hat that comes well forward so as to protect the face. When you return from an outing, instead of using soap and water for cleansing, fill the skin with cold cream. It will remove the dust and grime and prevent any irritation to the skin. I shall be glad to send you the formula for an excellent cleaning cream.

A. N.—If the eyebrows are stubborn and stand up as "seven angels" they may be trained with gum tragacanth or quince seeds if you can get them. Dissolve the gum or the seeds in just enough rosewater to make it about as thick as mullage, then strain it through a cloth and brush them into a little jar. Dip an eyebrow brush in the mixture and brush the hairs into a perfect arch. Let the gum stay on over night and wash off in the morning with warm water, brushing them always upward and outward with a clean brush. I am mailing you formula for the French tonic for lashes and brows.

MRS. T.—It is much easier to put on flesh than to take it off. A glass of warm milk on retiring is good and also olive oil. Above all things, don't worry. Sleep all you can and avoid all hard work. Substitute deep breathing exercises for long walks and get plenty of fresh air. Look well to your diet.

To develop the calves of your legs, sit on a chair, place the foot flat on the floor, press forward, throwing the weight on the ball of the foot; press hard against the floor. Relax the foot and repeat many times. Do not wear shoes while doing this exercise. If you will send me a stamped addressed envelope I shall send you a dietary for gaining flesh, also simple instructions for developing the bust.

Answers to Queries

B. T. S.—Never breathe through the mouth. It is not only bad for the health but makes the lips thick. When practicing deep breathing always inhale through the nostrils with the mouth closed. If a person is in the habit of breathing through the mouth the brain suffers from insufficient nourishment, as do the organs of digestion, the heart and lungs, and the muscles. Try to cultivate breathing through the nostrils. I am sure if you will use a little will power you can overcome mouth breathing. You will find your health much better. I shall be glad to send you a set of exercises for deep breathing if you will send me a stamped addressed envelope. I am sure these will be of great help to you.

SUFFERER: The first thing to do for corns is to relieve them of all pressure. A perforated corn plaster may be used, or a disk of white felt or cambric with a hole in the center. The following is a good lotion for corns: Twenty grains salicylic acid, one-ounce alcohol, and one ounce flexible collodion. Mix and apply with a small camel's hair brush to hard surfaces of the corn. Do this for three nights, then soak in hot water, when a layer of skin will come off. Continue this treatment until corn has been removed.

SUBSCRIBER—Excessive dryness of the skin may be caused from a natural insufficiency of fat secretion, or from persistent unsuitable treatment. If you have been using strong spirit lotions the present condition of cracking, itching and soreness is easily accounted for. Stop using soap and water for awhile and cleanse the face with almond meal. At night before retiring massage the face with a good skin food and then allow it to remain on over night. This will supply the skin with the oil it lacks. If you will send me a stamped addressed envelope I shall be glad to send you formula for bath bags, which are used in place of soap and the skin food, with directions for facial massage.

WHAT'S YEAR, MORE OR LESS, TO THIS WOMAN?

SAN FRANCISCO, Aug. 2.—The first woman on record to double her age, multiplying instead of dividing it by two, is Mrs. Lizzie Lewis, who is booked at the city prison as 102 years old. Mrs. Lewis was given in charge of the matron yesterday morning en route to the almshouse. When she appeared before the clerk sergeant she promptly gave her age 102 and was led away to a room in the female section. Later when she was interviewed she would admit to only 50 summers.

"I hope to appear older than I am," she explained. "But I really only told him that for a joke. I didn't want to go to the almshouse."

DAYLIGHT BURGLAR BEATS HOTEL GUEST

LOS ANGELES, Aug. 2.—J. M. Masters, a traveling salesman from San Francisco, was terribly beaten by a burglar whom he found in his room at the Hotel Sherman at 2 o'clock yesterday afternoon.

The daylight burglar then escaped through the Hill-street entrance, after threatening to kill Tom Shamus, a hotel boy who was in his way. The man is still at large.

Alameda, third floor, has been a scene of a series of burglaries. The last one was at 2 o'clock yesterday. The burglar was seen to enter the room at 2 o'clock and was seen to leave at 2:30. SMOKES CIGAR IN BED; HOTEL NOW IN ASHES

ELLENBURG, Wash., Aug. 2.—Two persons were badly injured yesterday in a fire which consumed the Roslyn hotel at Roslyn, a mining town 25 miles from here.

The fire started from a lighted cigar which Pat Costello, a guest of the hotel, was smoking in bed. Costello was seriously burned and was taken to a hospital at Clia Union.

Mrs. Sheldon, a cook at the hotel, fell upon her head from a second-story window and was badly hurt.

Thirty-five guests escaped with only their night clothes. Prompt work by volunteers prevented the destruction of the business portion of the town.

PROF. JOHN SWETT
82 YEARS OF AGE

MARTINEZ, Aug. 3. — Professor John Swett, pioneer educator, celebrated his eighty-second birthday anniversary Wednesday at his home in the Alhambra valley.

Secretary Dodge of the San Francisco Board of Education wired the following message to him:

HAYWARD WOMAN GETS RENO DECREE

Mrs. Amanda Littlejohn Says Husband Treated Her Cruelly.

Hayward, Aug. 2.—Claiming that her husband had treated her cruelly, Mrs. Amanda Littlejohn, of Hayward, Cal., yesterday afternoon, appeared before District Judge French and quickly secured her divorce from James Littlejohn, with whom she lived in Hayward, Cal., until about a year ago.

Mrs. Littlejohn testified to many other acts of cruelty on the part of her husband, whom she has not seen for a year, and sought relief from a life of misery. The recital rather staggered the spectators in the courtroom. Judge French did not hesitate to grant the decree, and allowed her to resume her maiden name of Amanda Kopp.

COMPELLED TO HOLD NEEDLESS ELECTIONS

LOUISVILLE, Ky., Aug. 2.—Because the state legislature failed to incorporate in its compulsory primary law a provision for making elections unnecessary when there are no contests, eight out of the eleven Kentucky congressional districts are holding practically useless primaries today. It is probable that the next legislature will be asked to amend the law.

Be sure and stamp your ballot twice for Mott, Baccus and Turner.

SOCIALIST BARRED FROM BALLOT

Insufficient Postage on Petition Loses One Man His Nomination.

SACRAMENTO, Aug. 3.—F. A. Hersey, of Red Bluff, Socialist candidate for the Assembly from the Fifth district, cannot get a place upon the September primary ballot, according to an opinion from the attorney general.

Hersey's petition reached the county clerk's office at Red Bluff on July 27, two days after the last day upon which petitions might be filed, under the law, in his office. It developed that the petition had been mailed in time to reach the county clerk before the last day, but had been held in the postoffice because of insufficient postage. The county clerk passed the petition and put the matter before the secretary of state, who, in turn, placed it before the attorney general.

STATE TO BUY SITE FOR NORMAL SCHOOL

SACRAMENTO, Aug. 3.—State Controller A. B. Nye yesterday drew a warrant for \$100,000 on the state treasury for the purchase of a site for the Los Angeles State Normal school at Vermont Heights, Los Angeles.

The money for this purpose comes from an appropriation made by the state legislature of 1911.

POSSE ON TRAIL OF SAFE BLOWERS

Robber Band Take Strong Box From Office; Are Routed.

BAKER, Ore., Aug. 3.—A band of robbers broke into the office of Underwood Placer Mining Company, at Cornucopia early Friday, rolled the company's safe containing, it is said, a large quantity of gold, down an embankment and had dynamited it when they were interrupted by Charles Camel, foreman of the mine. After firing several shots at Camel, one of which hit him in the arm, the robbers decamped without securing any loot.

After he was shot Camel notified the telephone operator at Halfway, and she in turn alerted the entire district. Within a short time men from all directions were at the scene of the robbery or on the way to join in a man hunt, which continued throughout the day.

Owing to the darkness it was unable to determine the number of robbers, but it was believed that there were four of them. Up to late Friday the outlaws had not been captured. The mine company, which is owned in Walla Walla, is said to be making arrangements to send bloodhounds to Cornucopia.

WHO KNOWS WHEN BEER'S NOT BEER?

Rep. Anderson of Minnesota Calls on Wilson to Answer.

WASHINGTON, Aug. 3.—"What is beer, and if so, why?" These are the two questions Representative Anderson of Minnesota asked Secretary Wilson to answer. Anderson asked the House Committee on Agriculture yesterday for the answer and later introduced an amended resolution calling on the Department of Agriculture for them.

Anderson recently got from the Agricultural Department a definition of beer, signed by Dr. Harvey W. Wiley. The definition was not given the force of law by Secretary Wilson, Anderson says, and he wants to know why.

The Wiley definition of beer as set forth in Mr. Anderson's resolution is "a fermented product made from a mash composed of barley malt and hops with or without a small quantity of unmalted cereals not exceeding 80 per cent of the weight of the barley malt used."

The matter was reported to the sheriff's office and an investigation was made. All that could be discovered that had a bearing on the case was the fact that the safe had been blown open.

CEMETERY SAFE LOOTED; GHOST BANDITS BLAMED
COLMA, Aug. 3.—While the officials of Woodlawn cemetery do not believe in ghostly apparitions from the spirit world is the only theory that they can advance on a mysterious safe-cracking in their office early yesterday morning. When Superintendent H. Matthews opened the vaulted room that the safe had been forced open with nitro-glycerine, but none of the contents touched. What added a more weird air to the situation was that all the doors and windows entering the room were intact.

The matter was reported to the sheriff's office and an investigation was made. All that could be discovered that had a bearing on the case was the fact that the safe had been blown open.

CANNED STRAWBERRIES LATEST FROM PAJARO
SAN JOSE, Aug. 3.—This season has seen the birth of a new industry in the Pajaro valley, and, according to expert fruit men, it will prove one of the richest of a rich valley. The valley berry growers have just started experimenting with canned strawberries and have already shipped east six carloads of the fruit. The result has been to lessen the supply and keep up prices in the market.

The Pajaro apple orchards will produce in the neighborhood of 4000 cars of that staple fruit this year, according to estimates made today.

PRISON REFORM TOPIC OF WESTERN GOVERNORS
BOISE, Idaho, Aug. 3.—Prison reform was the chief topic of conversation at yesterday's session of the conference of Western Governors here. Governor West of Oregon explained in detail his "honor system" under which prisoners are permitted to work on public highways without guard. Animated discussion followed.

Governor Hawley of Idaho spoke of good roads and the subject also brought forth many expressions of opinion. Governor Odell of Nevada spoke on the Panama-Pacific exposition and the benefits to be derived from it by the entire West.

HIS WEDDING GIFT IS QUICK PROMOTION
DETROIT, Aug. 3.—Frank Brooks Jr., for whose sake Miss Carol Newberry, daughter of Truman H. Newberry, fled from her home, returned from his honeymoon vacation and yesterday morning received a substantial business promotion as a wedding gift. When he reached the offices of the Detroit United Railways he was informed that he had been made second assistant general superintendent of the system.
